

The Honorable Congressman
Henry Brown

4-20-09

Dear Congressman Brown:

The purpose of this correspondence is to request your continued support for the vital ongoing program of Wild American Shrimp Inc.

WASI's Efforts on behalf of our Shrimpers and their Fresh Wild caught products has made the general public and the Markets aware of the Importance of supporting the Fishermen of the Gulf and South Atlantic and Especially South Carolina's Fishing Families.

The South Carolina Shrimpers Association recently had their Annual meeting In the Village of McClellanville with members from the Northern and Southern Chapters in attendance. Mr. Eddie Gordon director of WASI gave us and update on their work on behalf of Shrimpers and there was unanimous support for their programs

The continuation of their certification program and the advertising and Educational program is absolutely essential to the continued health of our Industry.

We urge you to Include WASI in your funding priorities in the coming fiscal year.

Our Families and I thank you for your continued service to our district and a special thanks to your excellent staff.

Sincerely,

Wayne Magwood President
South Carolina Shrimpers Association
Mount Pleasant, SC 29464
843-849-0213 cel. 514-1700
